INTRODUCTION

DEPARTMENT OF THE ARMY
FY 1998/1999 BIENNIAL BUDGET ESTIMATES
RESERVE PERSONNEL, ARMY
INTRODUCTORY STATEMENT

The mission of the US Army Reserve (USAR) is to train and sustain trained, ready and relevant units and soldiers for mobilization and employment in support of the National Military Strategy. Today's Army Reserve is an augmenting and enabling force-- augmenting America's Army in its core competencies of Echelons Above Division Combat Service Support (EAD CSS) and Echelons Above Corps Combat Support (EAC CS), and providing the enabling power projection and split based operations capabilities for America's Army as a Power Projection Army. Today's Army Reserve is a streamlined, dynamic, ready, and relevant force, accomplishing critical daily missions for America's Army around the world.

The Army Reserve's resource requirements must properly be viewed in the context of the Army's daily dependence on the USAR and the USAR's ongoing transformation. The USAR drawdown in end strength from 319,000 in FY 1989 to 208,000 in FY 1998, equals a 36 percent reduction.

During this same period the Army Reserve has had an unprecedented mission increase, mobilizing three times--35 percent of all Reserve Component (RC) forces mobilized for Desert Shield/Storm came from the USAR, and the USAR provided 68 percent and 70 percent respectively, of all RC forces mobilized for Haiti and Operation Joint Endeavor. The USAR, during this same period, assumed command of eight installations from the Regular Army, two of which are power projection platforms, reduced its management overhead by over 5,000 spaces and completely reorganized its Training Divisions to assume training missions from the Active Component (AC).

This reduction in strength, while simultaneously transforming and reorganizing its structure and increasing its OPTEMPO by over 300 percent has produced demands and strains on resource management. This budget submission reflects these changes. To ensure USAR units in Force Structure Package (FSP) I and II are maintained at the highest readiness levels possible, the USAR has continued a "tiered resourcing" strategy to prioritize valuable resources on a first to fight basis.

The Reserve Personnel, Army (RPA) appropriation provides pay, benefits and allowances for soldiers of the USAR while on Annual Training (AT), while performing Inactive Duty for Training (IDT) (weekend drills), and while on active duty for school training, special training, and special work. The RPA appropriation also provides funding for USAR members to serve on Active Duty in the Active Guard and Reserve (AGR) status. Other programs funded by RPA include participation in the Reserve Officers Training Corps (ROTC), the Health Professions Scholarship Program (HPSP), the Chaplain Candidate Program (CCP), and attendance at the Branch Officer Basic Course (BOBC). The FY 1998/1999 RPA Budget request focuses on the USAR's ability to meet its wartime and other contingency missions as we complete the planned period of downsizing for the USAR.

The FY 1998/1999 RPA budget request decreases USAR Selective Reserve End Strength (SELRES). As part of the Army's overall reduction strategy, SELRES declines by the end of FY 1998 to 208,000 soldiers, a 33,300 soldier decrease from FY 1996. Active Guard and Reserve (AGR) end strength decreases in the same time period from 11,940 to 11,500 soldiers. Funding levels for AT, IDT and Individual Mobilization Augmentee (IMA) pay and allowances reflect these decreased strengths. Additionally, this budget reflects a funding decrease of \$20.4 million due to pending legislation which would limit military basic pay of RC members who are also federal civilian employees performing reserve duty while on military leave from their federal civilian employment.

Decreased financial resources has made program prioritization increasingly important. The RPA budget request fully funds the Initial Active Duty for Training (IADT) of non-prior service soldiers recruited for the USAR. It also funds, in accordance with tiered resources, the support for IDT and AT of troop program unit soldiers critical to providing and sustaining basic individual and collective training skills needed to achieve mission readiness. As the Army has downsized, the relevance and criticality of the USAR becomes even more significant as the primary provider of required Combat Support and Combat Service Support capabilities for the Army. As the Army approaches the Twenty First Century the USAR's integral role as a full partner in fielding new training technologies and capabilities with its full array of Reserve Component Training Institutions (RCTI) throughout the United States and Overseas will increase. These RCTI's will become an even more critical and readily affordable asset in the training of the Army and all its components for the future. To fully capture and support TRADOC's distributive education initiatives, the Army Reserve will require the resources to acquire and maintain state of the art capabilities to receive and distribute modernized instructional products at training locations worldwide.

PART 1 - PURPOSE AND SCOPE

The program costs for this activity include pay and allowances, clothing, uniform maintenance allowances, subsistence, and training travel (excludes TDY travel and per diem from unit of assignment to TDY point and return) for all officer and enlisted personnel assigned to the Troop Program Units (TPUs) of the US Army Reserve for Annual Training (AT) and Inactive Duty Training (IDT). Retired pay accrual is included in program costs.

Annual Training (AT) - A period of active duty for training of at least 14 days, exclusive of travel, is performed by all members of troop program units on an annual basis. This training is usually performed at summer encampments so as to accommodate field exercises and maneuvers. However, annual training may also be accomplished at posts, camps, stations, or other areas if deemed appropriate for training in specific skills.

Inactive Duty Training (IDT) - Inactive Duty Training consists of any authorized training, instruction, or duty (other than Active Duty for Training) performed by members of troop program units. A unit member will attend 48 four-hour unit training assemblies (commonly called weekend drills) annually. To supplement these drills, selected members participate in Additional Training Preparation assemblies; Additional Flight Training periods, and Additional Airborne Unit Training Assemblies.

Additional Training Preparation Assemblies (ATA) - Additional Training Assemblies (including Readiness Management Assemblies) are used by key unit officers and noncommissioned officers for such activities as preparation of training programs, training aids, training rehearsals, and unit training administration. These assemblies permit maximum training benefits to be gained during regular IDT drills.

Additional Flight Training Periods (AFTP) - Additional Flight Training Periods are used by unit aviators and crew members to maintain required flying status proficiency. Each aviator and crew member assigned to an authorized flight position may be paid for a maximum of 48 additional flight training periods.

Pay, Inactive Duty Training, Officers (IDT): These funds are requested to provide for the pay and allowances of officers attending inactive duty for training, to include unit training (weekend drills) assemblies, additional training preparation assemblies for key officers, and additional flight training periods for aviators.

The average strength shown for unit training reflects gains and losses to end strength which occur throughout the year. The participation rate reflects the average number of officers attending 48 drills. The dollar rate is an annual rate which includes a remuneration equivalent to basic pay, retired pay accrual costs, the government's share of the social security contribution and any authorized incentive pay. The additional training preparation assemblies provide additional drills for unit officers in preparation for the regular weekend drills. Also included are readiness management assemblies. The dollar rate is the cost for each assembly and includes the same pay and allowances authorized for unit training. Additional flight periods, which may vary by aircraft, are authorized for unit aviators on current flight status. These individual assemblies are required in addition to normal unit drills to maintain minimum flying status qualifications. The dollar rate for each assembly reflects the same pay and allowances authorized for unit training, to include flight pay.

Six additional airborne unit training assemblies are authorized for all officer personnel assigned to USAR airborne units to maintain proficiency. These assemblies are used for preparation, conduct, and recovery from airborne operations. The dollar rate for each assembly reflects the same pay and allowances authorized for unit training to include jump pay.

Subsistence of Enlisted Personnel: These funds are requested to provide subsistence for enlisted personnel while on annual training and inactive duty training.

Enlisted personnel are provided subsistence-in-kind while on annual training in the unit dining facilities. The cost of these field rations is called the Basic Daily Food Allowance as determined by a DOD Food Cost Index. If the unit does not have a dining facility or individuals are unable to eat in the dining facility because of mission requirements, operational rations called Meal, Ready-to-Eat (MRE) are issued to those personnel. All the annual training subsistence rates are daily rates.

While on inactive duty training with two assemblies in the day, enlisted personnel are authorized one meal, normally the noon meal. The cost of the meal is established at forty percent of the Basic Daily Food Allowance.

Travel. Active Duty for Training. Officers: These funds are requested to provide for training travel and per diem allowances for officers to perform annual training. Individual travel provides for the use of personal or commercial vehicles when it is the most cost effective means of travel or when it is not feasible to use another means. Commercial contract transportation is used to transport units that do not have the necessary organic capability. Buses and trains are normally used. Military airlift and charter provides the necessary transportation of units that perform annual training overseas, to include transporting the unit within CONUS, between ports, to the training site and for the return trip.

PART 1 - PURPOSE AND SCOPE

This budget activity provides the funds for Initial Active Duty for Training (IADT) for all non-prior service enlistees into the USAR. Retired pay accrual costs are included in the program costs. The training programs offered include Regular training, Alternate training, and the Army Civilian Acquired Skills Program (ACASP). Upon completion of any of these programs the enlistee becomes qualified in his Military Occupational Specialty (MOS).

The Regular Training Program consists of an eight-week Basic Combat Training (BCT) phase followed immediately by a variable length Advanced Individual Training (AIT) phase.

The Alternate Training Program (known as the split training option) provides the same training as the regular program; however, the BCT and AIT phases are split. Upon completion of BCT, normally during the summer, the enlistee returns to his unit until his scheduled AIT date, which must be within one year of completing BCT. This program accommodates those individuals who are unable to leave their jobs or school for long periods of time.

The Army Civilian Acquired Skills Program (ACASP) provides a variable length program for those individuals who enlist with specific skills that are easily adapted to the military services. The training is tailored to the individual, and normally it includes the basic military skills and specific MOS skills required to ensure that all graduates are fully qualified.

As the Selected Reserve completes its drawdown to an endstate strength of 208,000 in FY 98, the requirement for enlisted accessions will increase in order to sustain the end strength. This increase in the enlisted accession mission (recruiting mission) will subsequently cause a corresponding increase in the strength of this pay group.

Part 1 - Purpose and Scope

The program costs for this activity provide the pay and subsistence-in-kind furnished to Non-Prior Service (NPS) enlistees assigned to Troop Program Units (TPU) for attending Inactive Duty Training (IDT) prior to their Initial Active Duty for Training (IADT). Retired pay accrual costs and the governments share for the social security contribution is included. Under the provisions of Title 10, United States code, section 12103 states each person enlisted shall perform an initial period of active duty for training of not less than twelve weeks to commence insofar as practicable within 270 days after the date of that enlistment. As the Selected Reserve completes its drawdown to an endstate strength of 208,000 in FY 98, the requirement for enlisted accessions will increase in order to sustain the end strength. This increase in the enlisted accession mission (recruiting mission) will subsequently cause a corresponding increase in the strength of this pay group.

Part 1 - PURPOSE AND SCOPE

Program costs include pay and allowances, the government's contribution for social security, retired pay accrual, and training travel (excludes TDY from unit/activity of assignment to TDY point and return) for officer and enlisted Individual Mobilization Augmentee (IMA) personnel assigned to the IMA program. The objectives of the program are to:

1. Provide pre-trained and fully qualified personnel to fill specifically designated positions in the Joint Chiefs of Staff, Department of Defense and Department of the Army agencies and Active Component units whose functions are critical to the rapid expansion of the Army upon mobilization. In FY98 all IMA positions will be subject to Presidential Selective Reserve Call Up (PSRC). To ensure the readiness of the IMA soldier, their training is the highest priority - Tier I resourcing. IMA personnel train annually with their proponent agencies in the specific positions in which they will serve upon declaration of a national emergency. This highly specialized program ensures that these reservists will be able to serve effectively as soon as they report to their mobilization stations. IMA personnel are also assigned to units of the active component which will be required to deploy to the theater of operations soon after the declaration of a national emergency and the initiation of the mobilization process. The IMA program is intended to pre-identify and pre-qualify those reservists who will actually serve in specific key positions within the Department of Defense and the Army force structure. These positions are identified by proponent agencies and gaining units as being required upon mobilization but not authorized for fill before the actual declaration of a national emergency.
2. Annual Training (AT) - A normal period of active duty for training consists of 12-14 days, exclusive of travel, to be performed by all members of Pay Group B. This training is usually performed at the proponent agencies and gaining units. Selected soldiers may perform a period of active duty for training of up to 19 days to take part in exercises and to perform overseas training.
3. Inactive Duty Training (IDT) - Inactive Duty Training consists of any authorized training, instruction, or duty (other than active duty for training) performed by selected members of Pay Group B. The Army Reserve, in response to the needs of the Department of Defense (DoD), provided additional IDT funding in FY97 by reprogramming RPA resources. In FY97, drilling members of this pay category (DIMAs) are authorized to attend up to 48 four-hour training assemblies annually. DIMA positions are intensely managed to insure that the USAR receives the greatest benefit possible. In FY97, IMA soldiers are authorized to attend professional development in addition to annual training. This provides greater support to DOD agencies - a soldier can perform his mission without sacrificing his professional advancement.

Part 1 - PURPOSE AND SCOPE

Program costs include all pay, allowances, retired pay accrual costs and Active Duty Training (ADT) travel from home to the first duty station and return for officer and enlisted personnel of the Individual Ready Reserve (IRR). The specific objectives of the Mobilization Training Program are to:

1. Provide professional developmental and mobilization specialty training of IRR personnel in the grades, specialties and numbers required to meet Total Army mobilization requirements.
2. Ensure that IRR members have their critically needed mobilization skills and specialties identified, validated and effectively developed, maintained and modernized.
3. Assist in the timely identification, reclassification and requalification of IRR members whose grades and specialties are excess to the Army's projected mobilization requirements.
4. Reduce the increasingly critical Reserve mobilization personnel shortfall by retaining more IRR members qualified to serve effectively immediately upon mobilization.
5. Modernize IRR members' mobilization specialties to ensure they match the wartime skills required by the Army's state-of-the-art equipment, tactics and doctrine.

6. The IRR is the Army's mobilization force. In FY97, the USAR received a Congressional plus-up for individual training - \$8M of that plus-up was applied to mobilization training in an attempt to revitalize the program. Funding in FY98 and out limits IRR soldiers training and professional development. The IRR force is in excess of 320,000 soldiers and, is the manpower pool used to support active component personnel shortfalls.

The Mobilization Training Program as a vital part of the Army Reserve's training management system, efficiently focuses training resources upon meeting identified requirements. All funds expended under this critical program, with the exception of those contained in the Service Mission/Mission Support and Operational Training (support of Annual Training) categories are applied directly to provide training prior to mobilization to update, improve and maintain those vital individual warfighting skills which cannot be perfected in a postmobilization environment. The Service Mission/Mission Support and Operational Training categories contain funds for tours of Active Duty for Special Work (ADSW). IRR soldiers who perform tours of ADSW provide essential support for the accomplishment of specified USAR missions, projects or exercises, and usually receive training benefit from the tours while working in their mobilization specialties.

This program enhances troop program unit training by utilizing selected IRR personnel working in their mobilization specialties to fill Selected Reserve annual training support requirements and other activities supporting the USAR. The program also includes funds to support attendance of non-unit reservists selected by DA Boards at various service colleges and schools.

Such duty may involve the accomplishment of projects or USAR missions specified by JCS or DA (or requested by MACOMs or lower headquarters), support or administration, or participation in a study group. It may also involve performance as a USARF (US Army Reserve Forces) school support staffer or instructor, or the performance of USAR recruiting or retention duties. This subcategory includes the support of marksmanship training and events. Service Mission/Mission Support also includes support for IRR screening.

Part 1 - PURPOSE AND SCOPE

Program costs for this activity include all pay, allowances, retired pay accrual costs, and training travel from home to the first duty station and return for officer and enlisted personnel assigned to troop program units of the Army Reserve attending Army service school/college courses in an Active Duty for Training (ADT) status. Specific objectives of this activity are to:

1. Provide USAR Troop Program Unit personnel with formal school training critical to the achievement of proficiency standards in individual skills required for mobilization.
2. Provide formal professional development schooling needed to enable USAR Troop Program Unit personnel to assume progressively higher levels of responsibility.
3. Provide USAR Troop Program Unit personnel the formal school training required to maintain adequate levels of proficiency in their required wartime skills. US Army Reserve personnel are authorized to attend Army service schools, Army area schools, USARF schools, and other military school programs in an ADT status for skill qualification and career development.
4. In FY97, the USAR received a Congressional plus-up for individual training - \$10M of that plus-up was applied to school training to resource that program at a higher level. Only Tier 1 and portions of Tier 2 are resourced at 100%.

Initial Skill Acquisition Training: Provides training necessary to acquire initial military and/or military specialty skills. It includes the initial skill training of newly commissioned officers (except ROTC graduates), and retraining of officer and enlisted personnel in other required military occupational fields. The training is conducted primarily in Army Service Schools and Reserve Component Training Institutions (RCTIs). Specific course selection and length of training are tailored to each individual's specialty. Many replacements will be prior service enlistees who must retrain in specialties required for their Selected Reserve assignment. This activity supports all personnel currently assigned to USAR troop program units other than non-prior service personnel on Initial Active Duty for Training (IADT) (Pay Category F).

Officer Candidate School (OCS): Supports enlisted participation in full time or State OCS Programs which provide officer candidate training leading to a commission in the US Army Reserve (USAR). The number of reservists participating is determined by the number of qualified reservists available and officer vacancies in USAR units. Newly commissioned officers graduating from OCS are assigned to USAR units with vacancies for which they are qualified to fill.

Prior Service Training: Supports the immediate qualification of separating and recently separated Active Component personnel in new specialties appropriate to the positions for which they have enlisted in local Army Reserve troop program units. Specialties required by available USAR troop units frequently do not match the qualifications of prior service personnel seeking USAR unit assignments. This Active Duty for Training program ensures that soldiers current skills match their units' manning requirements. Improved individual skill qualification directly affects unit readiness.

PART 1 - PURPOSE AND SCOPE

Program costs for this activity include pay, allowances, retired pay accrual costs, and training travel from home to the first duty station and return for tours of Active Duty for Training (ADT) and Active Duty for Special Work (ADSW) performed by USAR personnel assigned to Troop Program Units (TPUs). These tours support projects and programs related to the US Army Reserve and serve to maintain and improve individual mobilization skill proficiency and unit readiness. Specific objectives of this activity are to:

1. Provide TPU personnel possessing required Reserve Component expertise to support USAR training activities, e.g., development of training policies and programs, development of instructional materials for US Army Reserve Forces schools, and membership on boards.
2. Provide for effective supervision of TPU training programs conducted by subordinate elements to ensure that training is conducted in accordance with Department of the Army policy and doctrine to meet mobilization readiness objectives.
3. Increase mobilization preparedness through participation by TPU personnel in exercises and field training in a simulated mobilization environment with other Army units and units of other services.
4. In FY96, the USAR dedicated over 1 million mandays in support of joint, active component, and civilian missions using ADT or ADSW tours. Additionally, the USAR provided expertise in reserve affairs in support of missions such as Joint Endeavor.

Types of special training activities include command and staff supervision, competitive events, exercises, management support, operational training, recruiting and retention, service mission/mission support and environmental compliance. This program supports the Congressional language pertaining to ADSW. TPU soldiers who perform tours of ADSW provide essential support for the accomplishment of specified USAR missions, projects, exercises, or for units, which could not be accomplished otherwise.

PART 1 - PURPOSE AND SCOPE

1. Active Guard and Reserve (AGR) Personnel

The funds requested in this budget activity are to provide for pay and allowances, retired pay accrual costs, uniform allowances, subsistence, and permanent change of station travel (including PCS-TDY enroute) costs of Army Reserve officers and enlisted personnel serving on active duty as authorized by Title 10, United States Code, Chapter 1209.

The AGR soldier is an Army Reserve member serving on active military service in the Full Time Support Program. AGRs provide direct support to prepare Reserve Components for their wartime mission. The AGR soldier works full time for the purposes of organizing, administering, recruiting, instructing or training the Army Reserve. AGRs deploy keeping reserve units filled with qualified personnel, a vital aspect of readiness.

Over the past several years, more and more Active Army missions have been transferred to the Army Reserve. The Army has been able to meet these missions because full time support personnel, especially AGR, have been available to support reserve unit commanders.

AGR soldiers must meet the same standards as soldiers in the Active Army. They compete against each other, members of the Individual Reserve, and troop program unit members for promotion. They serve in areas that are generally remote from an Active Army installation. AGR soldiers can achieve active retirement (Title 11) under this program.

The Active Guard and Reserve Program consists of the following categories:

- Personnel/Finance Support. Provides: Army Reserve personnel to administer and operate the USAR pay (DJMS-RC) and personnel systems (SIDPERS). The DJMS-RC pay system processes payments for USAR troop program unit personnel taking part in Inactive Duty Training (IDT).
- Readiness Support. Provides USAR personnel at Active Army installations or headquarters elements to accomplish special purpose functions relating to USAR operations, administration, and logistical requirements.

Reserve Personnel, Army
ADMINISTRATION AND SUPPORT, 4H00 (continued)

Recruiting: Provides USAR personnel at Major Army Commands, Region Recruiting Commands, District Recruiting Commands and recruiting stations to operate the USAR recruiting programs.

d. Retention: Provides USAR personnel at Major Army commands, Continental US Armies, and Major USAR Command levels to operate the USAR retention program.

e. Unit Full Time Support: Provides USAR personnel to troop program units specifically to increase readiness/mobilization capability.

f. Career Management: Provides USAR personnel to administer the USAR Officer and Enlisted Personnel Management System.

g. Control/Policy Tours: Provides AGR personnel (officers only) who perform full-time duty under the provisions of Title 10, United States Code, Chapters 1007, 1009, and 1209. Includes USAR officer advisors at various commands/agencies who perform USAR administration, training, and logistical activities.

- (1) Section 10301. Reserve Forces Policy Board
- (2) Section 10211. Policies and Regulations: Participation of Reserve Officers in Preparation and Administration.
- (3) Section 12310. Reserve: For Organizing, Administering, etc., Reserve Components.
- (4) Section 12301. Reserve Components Generally.
- (5) Sections 3021 and 10302. Army Reserve Forces Policy Committee.

2. Incentives

The funds requested here provide reenlistment, enlistment, educational, and affiliation bonuses to qualified individuals for a commitment to serve in the Selected Reserve (SELRES). Title 37 U.S.C., Ch. 5, provides for the payment of Enlistment, Reenlistment, Affiliation and similar Cash Bonuses to selected enlisted members. Title 10 United States Code, Chapter 1608, Section 16201 provides for the Specialized Training Assistance Program (STRAP) payments of a stipend to obtain adequate numbers of commissioned officers in the reserve component who are qualified for health professions specialties critically needed in wartime. These financial incentives are not intended to encompass the entire reserve force.

The following summary explains the detail of the Selected Reserve Incentive Program (SRIP).

Reserve Incentives - Enlisted: These funds provide the payments to selected members for:

Non-Prior Service (NPS) Enlistment Bonuses: Enlist for six years, high school graduate: up to \$5,000 for critical skills; payable at a rate of 50% upon completion of AIT; 20% at end of second year of service and 30% at the end of the fourth year of service; and one-fourth of total anniversary payments, second and fourth year. Enlistment Bonus - Army Civilian Acquired Skill Program (ACASP) Enlistment Bonus (\$5000); Prior-Service Enlistment Bonus.

ADMINISTRATION AND SUPPORT, 4H00 (continued)

Prior Service Enlistment Bonus: This bonus is offered to eligible prior service personnel enlisting in the Selected Reserve for periods of three or six years. A total bonus of \$2,500 is offered to those enlisting for three years and a total bonus of \$5,000 to those enlisting for six years. Three year bonus initial payment of \$1,250, with anniversary payments of \$416.66 at end of each year of satisfactory service for term of original contract. Six year bonus initial payment of \$2,500, with anniversary payments of \$416.66 at end of each year of satisfactory service for term of original contract.

Loan Repayment: Enlist for six years or reenlist/extend for three to six years; high school graduate; critical MOS; repays 15 percent of the original outstanding loan balance and accrued interest not paid by the Department of Education or \$500, which ever is greater, up to a maximum of \$1,500 for each year of satisfactory service. Funds are for payment to the Department of Defense Education Benefits Fund, a trust fund. The program is governed by Title 10 United States Code, Chapter 1606. This program will fund educational benefit payments in their entirety for eligible individuals in the Selected Reserve. This program is budgeted on an accrual basis. Actual payments to individuals are made by the Veterans Administration from funds transferred from the Trust account.

Part 2 - JUSTIFICATION OF FUNDS REQUESTED

All individuals enlisting, reenlisting, or extending an enlistment as a Reserve for service in the Selected Reserve for a period of not less than six years after June 30, 1985, except those who have received a commission from a Service academy or completed an ROTC scholarship program, are eligible to receive educational assistance unless they are entitled for assistance under Chapter 30 of Title 38 U.S.C. The individuals must also meet initial training and high school diploma or equivalency requirements. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization and partially offset an estimate of interest earned on investments of the Education Benefits Fund. Post graduate level education is now made available to those service members who have earned an under graduate degree. The program will provide funds adequate for one of three levels of assistance. These levels are \$190 per month for each month of full-time pursuit of a program of education; \$143 per month for each month of three quarter-time pursuit of a program of education; \$95 per month for each month of half-time pursuit of a program of education; and an appropriately reduced rate, as determined under regulations which the Secretary of Veteran's Affairs shall prescribe, for each month of less than half-time pursuit of a program of education, except that no payment may be made to a person for such pursuit from the military department concerned and been added to the types of training permitted under the bill.

The following table displays the actuarially based estimates and the number expected to meet the initial eligibility requirement of an enlistment, reenlistment or extension for six years:

1996	1997	1998	1999
22,485	24,182	25,796	25,373

Part 1 - PURPOSE AND SCOPE

This budget program provides a subsistence allowance for ROTC scholarship cadets while at the educational institution, the procurement of individual clothing, a commutation allowance in lieu of uniform issue for schools with distinctive uniforms, and for pay and allowances, subsistence, and travel for ROTC scholarship cadets while at ROTC summer camps and field training.

The subsistence allowance at educational institutions is based upon the scholarship enrollment for the Basic and Advanced Courses and is computed at \$150 per month for up to 10 months annually. In addition, funds are included for pay and allowances, subsistence, and cadet travel associated with ROTC summer camps and field training.

Definitions (4W00 and 4X00)

Cadet Troop Leader Training - Each tour consists of 21 days training with an Active Army unit or 14 days training with a Reserve Component unit (average tour is 19 days).

Professional Development Training - Includes Airborne, Air Assault, Northern Warfare, and Jungle Warfare Training for periods up to 21 days. Training emphasizes improvement of cadet skills, confidence and readiness in a cost-effective manner with challenging programs that influence cadet enrollment, motivation, and retention.

Practical Field Training - Two days training (field exercises/command post exercises) to train, test and validate all ROTC commissionees in specific military skills prior to reporting to their first duty stations. Funds provide for cadet rations and travel (contract bus) to and from tactical training sites.

Part 1 - PURPOSE AND SCOPE

This budget program provides a subsistence allowance for ROTC scholarship cadets while at the educational institution, the procurement of individual clothing, a commutation allowance in lieu of uniform issue for schools with distinctive uniforms, and for pay and allowances, subsistence, and travel for ROTC scholarship cadets while at ROTC summer camps and field training.

The subsistence allowance at educational institutions is based upon the scholarship enrollment for the Basic and Advanced Courses and is computed at \$150 per month for up to 10 months annually. In addition, funds are included for pay and allowances, subsistence, and cadet travel associated with ROTC summer camps and field training.

Definitions (4W00 and 4X00)

Cadet Troop Leader Training - Each tour consists of 21 days training with an Active Army unit or 14 days training with a Reserve Component unit (average tour is 19 days).

Professional Development Training - Includes Airborne, Air Assault, Northern Warfare, and Jungle Warfare Training for periods up to 21 days. Training emphasizes improvement of cadet skills, confidence and readiness in a cost-effective manner with challenging programs that influence cadet enrollment, motivation, and retention.

Practical Field Training - Two days training (field exercises/command post exercises) to train, test and validate all ROTC commissionees in specific military skills prior to reporting to their first duty stations. Funds provide for cadet rations and travel (contract bus) to and from tactical training sites.

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for ROTC graduates designated for Reserve Forces Duty (RFD), either USAR or National Guard to attend full-length, resident Branch Officer Basic Courses (BOBC). It includes pay and allowances, retired pay accrual costs, uniform gratuities, and travel for officers.

Title 50 U.S.C.A. Section 456, 1987, requires that commissioned ROTC graduates not required to serve on active duty with the Army attend active duty for training for a period of not more than six months and serve in the Reserve components until the eighth anniversary of commissioning. Successful completion of a BOBC qualifies officers for mobilization deployment.

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Armed Forces Health Professions Scholarship and Financial Assistance Programs (HPSP & FAP) in accordance with Title 10 United States code, chapter 105, sections 2120 through 2127. This program is the Army's primary source of medical doctors. The objective of this program is to provide, in conjunction with other health professional officer acquisition programs, a sufficient number of trained personnel to support the Army Medical Department in its health care mission. Members pursuing specialized training shall serve on active duty in a pay grade commensurate with their education level with full pay and allowances of that grade for a period of 14 days during each year of participation in the program. They are detailed as students at accredited civilian institutions located in the United States or Puerto Rico, for the purpose of acquiring knowledge or training in a designated health profession. In addition, members of the program, under regulation prescribed by the Secretary of Defense, receive military and professional training and instruction. Except when serving on active duty, a member of the program is entitled to a monthly stipend at a rate established annually by the Secretary of Defense. Upon graduation, participants incur a minimum of three years service obligation in the active component.

The National Defense Authorization Act for FY 90-91, 19 Nov. 89 (P.L. 101-189) modified the HPSP by adding the Financial Assistance Program (FAP). FAP provides financial assistance to medical resident students to help obtain adequate numbers of specially trained physicians for clinical practice. Specialties will vary depending on Army requirements. Participants receive an annual grant, a monthly stipend, and reimbursement of approved educational expenses. FAP recipients perform two weeks of Active Duty for Training (ADT) each year.

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Chaplain Candidate Program. The objective of this program is to provide, in conjunction with other chaplain procurement programs, a sufficient number of trained personnel to support the Army Chaplaincy in its pastoral care and religious ministry mission. Members must be either full-time seminary students, or seminary graduates waiting ecclesiastical endorsement and/or ordination. Members receive military and professional training and instruction in accordance with appropriate regulations during participation in the program. Upon completion of the program, when duly ordained and endorsed by the endorsing denominational agency, participants are qualified as Army chaplains and are assigned to either the Active or Reserve Components. The funds requested also provide for the retired pay accrual associated with officers participating in this program.

Definition: (4P11) Chaplain Officer Basic Course (COBC): COBC training is required in order to qualify officers commissioned as Chaplain Candidates (staff specialists) for future service as US Army Chaplains in either the Reserve Component or the Active Component. This budget program funds COBC attendance of Chaplain Candidates commissioned in the Army Reserve. Costs include pay and allowances, uniform gratuities, and travel for officers attending COBC.

Definition: (4P12) Chaplain Active Duty for Training (CADT): Members of this program serve on active duty in the pay grades of 0-1 or 0-2 with full pay and allowances at those grades for a period of 45 days during each year of participation in the program, not to exceed a total of 135 days. Costs include pay and allowances and travel for officers attending CADT.
